

FONT PACK BY ZIPPY

Two logo-derived vector display faces.

897 mapped characters per face.

Desktop TTF + OTF / Web WOFF + WOFF2

---

01 / FORGED

ANCIENT VOICES

02 / FRACTURED

MODERN CHAOS

ONE SOUND

Rebuilt around traced Y, O, D, E, L, C, and R shapes from the saved wordmark. Other letters extend those forms. The metal surface remains part of the logo artwork.

THE LOGO IS THE REFERENCE

YÖDELCORE / LOGO-TO-FONT CORRECTION

REFERENCE / SAVED LOGO ARTWORK

EARLIER FONT / VERSION 1 — PROPORTIONS AND TERMINALS WERE WRONG

CORRECTED FONT / VERSION 2 — TRACED LETTER SHAPES & LOGO SPACING

Version 2 shown with the logo ligature enabled. Metallic texture is separate artwork.

The reference capitals were traced from the saved transparent wordmark. Their silhouette geometry is preserved; the other uppercase letters, lowercase, numerals, and symbols are new extensions of that design.

INSTALL, USE, AND REUSE

DESKTOP INSTALLATION

Extract the ZIP. On Windows, right-click the TTF files and choose Install. On Mac, double-click a TTF or OTF file to open Font Book and install it. Reopen applications that were already running.

CHOOSE ONE FORMAT PER FACE

The TTF and OTF versions carry the same family names. Install one version of each face to avoid duplicate entries. Select YodelCore by Zippy or YodelCore Fractured by Zippy in your font menu.

WEB AND PRINT

The Web folder contains WOFF2, WOFF, and ready-to-use CSS. Keep the font files next to that stylesheet. For print, embed the desktop fonts in a PDF, or outline final text when the printer requests it. The fonts in this specimen are embedded.

STYLISTIC OPTIONS

OpenType ss01 enables the mountain O. Discretionary ligatures (dlig) enable the outlined YÖDELCORE composition. Apps without those controls can access the private-use glyphs through a glyph panel.

COVERAGE AND SCOPE

This release includes complete printable Basic Latin, Latin-1 Supplement, and Latin Extended-A, plus selected additional Latin, accents, numbers, punctuation, currency, mathematics, arrows, geometry, and music. It is not a universal Unicode or emoji font. The following chart lists all 897 mappings.

MATERIAL AND SIZE

Forged uses solid outlines; Fractured adds carved fissures. Begin around 24 pt for Forged or 36 pt for Fractured. Apply silver, texture, embossing, and shadow in the artwork. Use a readable companion typeface for long body text.

VALIDATION

Both outline formats were parsed and representative strings rendered. Coverage, kerning, supported decomposed accents, and the optional alternates were checked. Native Windows and macOS installation was not tested in this environment.

BRAND ALTERNATES

U+E000 / MOUNTAIN O

U+E001 / MOUNTAIN EMBLEM

U+E002 / OUTLINED FONT COMPOSITION

U+E002 preserves the traced wordmark spacing, long Y tail, and terminal E. The mountain is adapted to monochrome. For the exact silver texture and shading, use the saved transparent logo artwork.
